The GRAPAS Conference will be an important component of GRAPAS 2011, part of Victam 2011. Millers and grain processors from across Europe and beyond will come together to learn about the latest developments in flour milling, grain processing, grain and finished product storage and handling solutions.

## TOPICS

Papers are invited from qualified presenters in the following subject areas, as they relate to the oilseed, grain and milling industries:

- measures to ensure safety and hygiene,
- processing efficiency,
- handling and storage advances,
- raw materials,
- grain and product treatments,
- regulation, consumer attitudes, market trends,
- adding value

As in all sectors of the food chain, **safety and hygiene and sustainability** are key issues. Presentations that address these concerns are strongly encouraged.

## CONDITIONS OF ACCEPTANCE

Presentations are accepted on the following conditions.

- ❖ **Presentations must not be used to promote a product or company.** A table will be available in the conference room for you to display brochures etc. for interested delegates.
- ❖ **Presentations must be tailored to the needs of the commercial grain and milling industries:** there must be a practical take-home message that delegates can apply to enhance their business efficiency, competitiveness and profitability
- ❖ **Presentations must provide information new to this audience.**
- ❖ **Presenters will be required to make available all requested materials in the format required and by the given deadlines.** The organizers reserve the right to drop from the program at any time presentations that do not meet these requirements.
- ❖ **Presenters will be responsible for their own expenses.**
- ❖ **Conference presentations are copyright Linx Conferences.**
